Start a New Family Tradition with the Woman Who Made It All Possible

May. 03, 2005

nora fleming, llc patent pending

It's that time of year again when we honor the woman that gave us life. It's also the time of year when people across the country ask, "What do I get for someone who has everything?" This year forget the usual bouquet, and start a new family traditional with nora fleming® Interchangeable serving ware. nora fleming® has taken the timeless elegance of white china serving pieces, and added interchangeable colorful ceramic adornments or Mini's, that easily alter the identity of the piece for any occasion. With this new line, people no longer need to store multiple holiday serving pieces. With 25 Mini's to choose from people can easily transform a platter from Christmas to Halloween or other special occasion by simply replacing the Mini.

nora fleming Interchangeable serving ware makes the perfect Mother's Day gift. Begin with a platter adorned with a beautiful Bluebird. On future occasions, add to the collection with additional Mini's or serving pieces. This affordable option, with Mini's retailing for under \$15.00 and serving pieces starting at \$40.00, makes for years of future gift giving.

"People are so excited," says Nora Napientek, creator of nora fleming LLC. "What began in my basement has evolved into an entertaining phenomenon. Consumers love that they can start a family traditional with products like our birthday cake mini. And, without making an enormous investment, they can have a tabletop that their guests are sure to admire."
